

Block A

- 1 - Background block
- 4 - Block pieces same size as background

Fold 4 like pieces into triangles & press (already done for you)

Place background fabric face up on table. Layer the triangle pressed blocks starting with 1 triangle placed on background. Then place next triangle at next point to the right. Repeat with 3rd triangle.

Now fold the first triangle back over 2nd triangle so that the 4th triangle is half over 3rd triangle & half over background.

Then flip the first triangle back to position to look like block to the left. Take a basting stitch all around outside of block. You are now ready to pull back the curves & reveal the background fabric. Press & stitch to finish.

Block B

2 coordinating Squares of equal size

Press the squares by folding opposite raw edges both directions

Bring two sides together & put a tack in the center with needle & thread

Bring short sides together in the center & tack this intersection.

Bring the outer corners to the center. Tack them well.

Bring corners from side in to form 4 tall triangles, tack each triangle. At this point you have the back piece

To make the center piece (yellow in finished piece at the top, you will do all of the steps above & then bring the points to the back & tack them down.

Now you can embellish the center the way
